VOLUME 5, NO. 15.

BRAINERD, MINN., TUESDAY, JUNE 20, 1905.

PRICE TWO CENTS

Satisfaction
in
every
Purchase.

Everyone's Talking

about our store and saying "what a nice place it is to buy one's groceries." The popular price, high-quality business that we are doing is attracting the attention of every thrifty woman in Brainerd. She says to herself, "there must be some reason for this popularity." There is; it's because

Our Service Is The Best

and the goods we sell are the dependable kind. If the few people in this town who have not gotten acquainted with us would only come in, compare prices and note our up-to-the-minute way of doing business, we would have the entire grocery trade of the city at our doors.

HOLDS ITS FINAL SESSION.

Local Camp Clerks' Association Convention Adjourns.

Milwaukee, June 20.—Having installed a new board of officers, refused to endorse the law committee recommendation that the head office of the Modern Woodmen of America employ traveling auditors, ordered summary dismissal of incompetent clerks, tabled a resolution regarding head state physicians, rejected a proposed change in the method of collecting assessments from newly elected members, demanded a higher salary for the head clerk of the society as well as for the secretary of its own organization, the Local Camp Clerks' association convention held its final session Monday and adjourned till the next head camp in 1907.

The retiring president, H. P. Hoyt of Seattle, was presented with a magnificent gold watch and Secretary W. T. Copeland, just re-elected and installed, was presented with a large silver loving cup.

Several cities are striving hard for the honor of entertaining the next biennial convention of the head camp, Modern Woodmen of America. Buffalo, Cincinnati and Peoria appear to be in the lead, while Detroit, Louisville and Los Angeles are active opponents.

In the Foresters' prize drills Monday Camp No. 879, Joliet, Ill., headed the senior class with a percentage of 98.97; Camp No. 269, Urbana, Ill., headed the junior class with a percentage of 67.00.

ATTEMPT AT MURDER.

North Dakota Man Probably Slugged by a Stranger.

Fargo, N. D., June 20.—Attempt was made at night to murder Max Miller, an employee of a local livery. He and another employee went to the circus grounds to meet a girl, whom they found in company with a stranger.

There was some trouble and later when Miller started for home alone, he evidently was followed by the stranger and struck across the forehead. His skull was horribly crushed and it is not thought he can live.

The police have not located the man and have a meager description.

WAR PARTY IS ACTIVE

MAKING A CONCERTED EFFORT
TO DISSUADE CZAR FROM
CONCLUDING PEACE.

HOPE TO WIN LAND BATTLE

RUSSIAN CORRESPONDENTS IN
MANCHURIA SEND HOME
INSPIRED REPORTS.

St. Petersburg, June 20.—The war party has by no means surrendered. On the contrary, backed by the military element, it is making a concerted effort to dissuade the emperor from concluding peace. Even with the two armies already clashing, members of the war party are filling St. Petersburg and Peterhof with optimistic views, and General Linévitch and his lieutenants are reinforcing their arguments with roseate reports of the strategic situation. Many Russian correspondents at the front, evidently inspired from St. Petersburg, are flooding their papers with dispatches in the same strain.

The Novoe Vremya's correspondent, in his zeal against the conclusion of a humiliating peace, points to the hazards for the government in disbanding an army of half a million men without giving them a taste of success, and expresses the fear of dangerous consequences. The same correspondent, however, chronicles the fact that the rank and file are indifferent, and concludes:

"If peace can be obtained without the cession of Russian territory or blood money, then peace by all means."

Japan's terms of peace, according to an interview had by a correspondent of the Novoe Vremya with a member of the Japanese embassy at Vienna, will prove to be more moderate than had been expected and will be based on the propositions made in the Japanese note on the eve of hostilities with the addition of an indemnity covering the cost of the war. Japan will not insist on humiliating terms.

MAY MEET IN AUGUST

RUSSO-JAPANESE PEACE PLENIPOTENTIARIES MAY THEN
BE IN WASHINGTON.

Washington, June 20.—Practically no new developments were observable Monday in the negotiations for peace between Russia and Japan. President Roosevelt, for a day or two, has been deeply engrossed in other matters, and while he has not for a moment lost sight of the arrangements for bringing together the far Eastern belligerents, he has realized fully that the next move in the great game of diplomacy now being played was with the contending nations themselves. That move is the selection of the envoys to represent them at the Washington conference.

Both Minister Takahira of Japan and Ambassador Cassini of Russia called on the president in the afternoon. Shortly before 3 o'clock Minister Takahira drove to the White House and remained with Mr. Roosevelt for nearly half an hour, but declined at the conclusion of the interview to discuss the nature of his conversation with him.

Soon afterward, Ambassador Cassini drove to the executive office and was received by the president in his private office. His call was brief. As he was leaving the White House, he said that the negotiations were moving forward smoothly. He added that he had conveyed to President Roosevelt the names of the Russian plenipotentiaries and had not received from him the names of those of Japan.

It is known that each of the plenipotentiaries presented to the president official advices from his government expressive of the satisfaction felt at both St. Petersburg and Tokio over the selection of Washington as the place for the peace conference.

Might Arrive in August.

Minister Takahira informed the president that the Japanese plenipotentiaries would be able to reach Washington the first part of August, if it were deemed desirable for them to be here by that time. The personnel of the mission has not yet been announced. When the president returned to the executive offices after receiving Mr. Takahira, he found Count Cassini, the Russian ambassador, awaiting him. The information brought by the minister was communicated to the ambassador, who is cabling his government to find out when the Russian mission will arrive.

When this is known it will be possible to decide upon a date for the

conference. The general belief is that it will convene about the middle of August.

As has been reiterated in these dispatches, Japan will not ask for an armistice, insisting that the initiative must come from Russia. The optimistic reports of the past few days received in St. Petersburg from the front have greatly raised the hopes of the Russians that a land victory is near and the war party is opposed to the sending of a request for an armistice at this time. Japan is not at all desirous of a temporary cessation of hostilities for between now and the beginning of the rainy season in August, Oyama is expected to accomplish great achievements in Manchuria. However, after the plenipotentiaries have been appointed the informal discussion of an armistice will be resumed and in case the president takes the initiative in suggesting a limited truce both belligerents will give the matter serious consideration.

Whether the conference will actually sit in Washington or not, has not been determined, of course, as that is a detail which will be left to the envoys themselves by their respective governments. It is said that no decision will be reached on that point until the conferees meet here and organize. If the weather in Washington at that time should be unfavorable to continue sitting in this city it will be within the authority of the plenipotentiaries to adjourn to some other city. The decision will be reached necessarily by the envoys themselves, as it is a detail which relates to their own personal comfort and convenience.

During the past few days the president had received as many as 100 letters suggesting various cities in the country as desirable places for holding the conference. It can be said that the president will not permit himself to be drawn into the discussion of this subject and the government will not attempt to interfere in any way with the choice of the conferees of a place of holding their conferences. It is regarded as probable that this city will be at least the scene of the beginning and the ending of the conference, although the intervening sessions may be held elsewhere. It will be known in diplomatic history, therefore, as the "Washington conference," and the convention, if one be formulated, will be the treaty of Washington.

ATTACK JAP FIELD HOSPITAL.

Cossacks Perpetrated the Most Disgraceful Act of the War.

London, June 20.—The Tokio correspondent of the Daily Telegraph, describing a Cossack attack on a Japanese field hospital, which occurred during an attack on a Japanese convoy at Taipeishin, May 20, as the most disgraceful incident of the war, says:

"Despite the prominent display of Red Cross badges the Cossacks fired volleys at close quarters and then charged with drawn swords, with the result that many noncombatants were killed or wounded. Some of the Russians dismounted and used their bayonets. The steel was thrust down the mouths of the Japanese and their bodies disemboweled. Finally, the Cossacks burned and otherwise destroyed all medicines and medical appliances."

JOHN F. WALLACE TO RESIGN.

Will Retire as Chief Engineer of Panama Canal Zone.

Colon, June 20.—It was publicly announced that John F. Wallace, chief engineer of the canal zone, who sailed for the United States June 16, was going home by order of Secretary Taft for the purpose of a consultation on important matters prior to the sailing of the secretary for the Philippines and that he was not likely to return to the Isthmus until his annual report had been written and he had secured a short rest, which he was unable to take on his last trip owing to pressure of business.

Since the departure of Mr. Wallace, however, it has been said in influential circles that he does not intend to return to the Isthmus to resume his position of chief engineer, but that he has gone home to confer with Secretary Taft on the subject of his resignation.

Shortly before he sailed Mr. Wallace was the recipient of a memorial from the heads of departments on behalf of the canal employees expressing deep appreciation of the benefits resulting from the new schedule of hours and wages and from the betterment in the general welfare of all connected with the work on the canal. The fact that Mr. Wallace went home accompanied by his wife and his two secretaries seems in some quarters to lend credence to the rumor that he does not intend to return.

Fred E. White's Son Drowned.

Des Moines, June 20.—Virgil White, a prominent young lawyer, was drowned in the river here by the capsizing of a canoe. He was the son of Fred E. White, ex-congressman from Iowa, and twice Democratic candidate for governor of this state.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

H. F. MICHAEL CO'S Daily Store News

Spic Span Newness

It is our plan, in and out of season, to add to our stock the new things that appear in the current vogues. We buy frequently, assuring you the "correctness" every lady so desires in her dress.

White Suits We have found it necessary to replenish our line of white shirt waist suits. We secured some beautiful ones yesterday. They are beautifully trimmed with embroidery insertions and have every other new feature shown today.

Large dot Percales Fashion has another fad which is a very pretty one too. Waists and shirt waist suits of percales in the large coin spots are in vogue. Dots are black, green and red on white grounds. We received these this morning. Yard wide 12 1/2c the yard.

New Parasols Seems now that we may enjoy the sunshine. It is best enjoyed with a neat parasol. We have some very neat ones in white and colors. They are not expensive even if they are the right kinds.

Get the Habit Get the habit of coming in for new things. We study your wants carefully and try to supply you with just what you want. We will always appreciate a suggestion if we fail. We are not sensitive on this point.

WISCONSIN TORNADO

ONE MAN KILLED AND PROPERTY
VALUED AT THOUSANDS OF
DOLLARS DESTROYED.

COVERED EXTENSIVE AREA

STORM COVERS A TRACT EIGHT
MILES LONG AND FROM ONE
TO TWO MILES WIDE.

Blue Mounds, Wis., June 20.—A young German farmhand, name unknown, was killed on the farm of Charles Collins while milking, over \$150,000 damage was done to crops and farm buildings, and scores of head of stock were destroyed by a tornado that passed through Dane and Iowa counties and over the townships of Barneveld and Blue Mounds during the evening. Telephone and telegraph wires are down, and the full extent of the damage can only be estimated. The storm broke with wild fury following an extremely sultry day, and through a tract eight miles long and one to two miles wide, the destruction of property was complete.

The hall at Blue Mounds village broke all glass on the west and northwest sides of buildings.

Rescuing parties were sent out from Blue Mounds, headed by William Dagenhart, Dr. Bancroft, Fred Allen and Mr. Bussey to the different points and helped rescue cattle and people pinned in the wreckage, working late into the night.

Some of the hailstones were two to three inches in diameter. All windmills, small buildings and sheds are levelled to the ground in every direction, while corn and grain fields look like plowed ground.

Highland, Wis., reports a severe hail and wind storm which wrecked over a dozen barns and windmills and ruined crops. The path of the storm was two miles wide and hail piled up a foot in depth.

Similar reports come from Dodgeville and Mount Horeb.

Losses as far as reported here are as follows:

John Malone—Barns and crops destroyed, two cows killed; loss, \$1,500.
Morris Minix—Buildings destroyed, stock killed; loss, \$1,800.

John F. Himmelstein—Buildings all gone except house; loss, \$2,200.

John Himmelstein, Sr.—Barns total wreck, cattle killed; loss, \$3,000.

William Himmelstein—Barn demolished, three cattle killed; loss, \$2,000.

Melville Frey and John Pryor—Barns destroyed, cattle, wagons, car-

riages and machinery scattered over the prairie for a half mile; loss, \$1,500.

Charles Collins—Barns totally wrecked, eight cows and a horse killed; loss, \$2,500.

Arthur Willson—Barns and sheds wrecked; loss, \$1,200.

TO SETTLE CHICAGO STRIKE.

Another Effort Will Be Made by the Teamsters.

Chicago, June 20.—Another effort is to be made by the teamsters to bring about a settlement of their strike. At a meeting of the teamsters' joint council called Monday night to consider the best method of bringing about the termination of the trouble it was decided to appoint a committee which is to confer with the executive committee of the International Brotherhood of Teamsters and decide upon terms to be offered to the employers. The meeting between these two committees will be held in a day or two.

President Shea of the teamsters' union declared at night that he would not interfere in any manner with the work of either of the committees and if they bring about a settlement of the strike it will be binding upon the teamsters.

The employers have repeatedly declared that they will hold no more conferences with the teamsters unless the men appearing in the conference in behalf of the teamsters have full

power to settle the strike. They have also declared that there can be no settlement unless the unions are prepared to accept the terms of the employers' association. The situation is steadily improving from the standpoint of the employers and they have reached almost normal conditions in making deliveries of goods.

Death List Grows.

Baltimore, June 20.—The list of deaths resulting from the head-on collision on the Western Maryland railway near Patapsco station Saturday night was increased to twenty-six by the death of James Benner, a railroad laborer, of Catocin, Md., at the city hospital here.

TUESDAY JUNE 20, 1905.

Weather
Forecast—Fair.
Temperature (Record kept by Dr. J. L. Camp for 45 hours ending at 3 o'clock this afternoon)—Maximum 75 above zero; minimum 49 above zero.

The Walker Pilot has discarded its double column editorial feature and the improvement is noted.

STEARNS county will have twenty-six additional rural carriers on September 1st which will give the entire county free mail delivery.

A DANDELION or yellow peril inspector is suggested as a new state officer. The hotel inspector would not be in it with him from a business standpoint.

It seems to be the consensus of opinion of the Minnesota press that the way to stop grafting in staid old Philadelphia is to arrest the grafters. And the remedy is being applied.

An exchange notes that the farmers constitute more than 50 per cent of the population of this country and that less than two per cent of the crimes committed are charged up to them.

The progressive city of Perham won the fight for the next convention of the F. O. E., and next year the Eagles will soar to one of the prettiest spots in Northern Minnesota and in such numbers that the inhabitants will think that there are none left at home to protect the nest.

PEQUOT, one of the progressive little cities on the line of the M. & I. railway, is advertising a monster 4th of July celebration. Incidentally this will bring people into their town who never knew before that Crow Wing county contained as lively and prosperous a burg outside the county seat. It pays to advertise and there are more ways than one of doing it.

THE state board of control doesn't seem to be scared at the idea of the establishment of a twine plant in Southern Minnesota by the twine trust. The farmers have been benefitted by the twine industry carried on in the state prison at Stillwater and the board seem to think if the trust can come into the state and make an article that could be sold at a less figure than now prevails the state could install machinery that would manufacture a flax twine as well. In any event the consumers of binding twine will not be the losers.

REPORTS indicate that the Americans who have enlisted for work in the Canal Zone under government contract are leaving the isthmus almost as fast as they arrive. Every incoming steamer brings its quota of new recruits and the next outgoing vessel takes fully as many homeward bound. Many of them return without even attempting to enter upon their duties, while others wait until they have seen the "elephant" and

earned money enough to defray return expenses. The pay is but little better than in the states, and there are no diversions of any description not even a reading or lounging room being offered for public use in the whole division. With these conditions it is no wonder that men who leave their families and comfortable homes to find work in the Panama district are discontented and anxious to return.

LOCAL NEWS NOTES.

Phil Tardy came down from the north today.

Mrs. W. W. Hutchins is visiting Long Prairie friends.

Mrs. Ed. Dressen returned from Duluth this afternoon.

Hon. Jud LaMoure came in from St. Paul this afternoon.

Attorney L. E. Lum, of Duluth, is in the city on business.

Hon. John T. Frater returned from the north this noon.

Geo. Wolf, of Motley, was in the city last evening on business.

Mrs. David Slipp went to Hubert this afternoon for a few days outing.

J. M. Jarboe, of Little Falls, was in the city last evening on business.

J. M. Graham, of Duluth, is in the city this afternoon on business.

Mr. and Mrs. J. C. Atherton and children returned from Smiley this afternoon.

L. W. Chase, the Walker hotel man, came down from the north this afternoon.

President G. D. LaBar, of the First National, left this afternoon for St. Paul on business.

Mrs. Edward Hazen, of Duluth, is in the city visiting with her mother, Mrs. S. L. Sleeper.

Will Koop returned from Minneapolis and St. Paul this morning where he has been on business.

Postmaster Ingersoll and Peter Schumaker returned north today for another fishing expedition.

Mrs. Seth Phillips, of Gull River, was brought to St. Joseph's hospital yesterday and was operated on today. This is the second time Mrs. Phillips has

JOHN WESTLUND DIED IN SALOON

Was Carried from E. L. Engstrom Saloon on Sixth Street a Dead Man

HAD BEEN DRINKING HEAVILY

And Was Also Suffering from Kidney Trouble Which Hastened His Death.

John Westlund, a well known character about town, died this morning about 5 o'clock in the E. L. Engstrom saloon on Sixth street at the close of a night of revelry, and the passing away was made the more hideous in the light of past experiences of this man, whose career in Brainerd has been rather unsavory.

Westlund was a man about forty-five years of age and had no family, his wife and little daughter having died some years ago, but he has a half brother, Fred Jackson, who works in the shops.

Westlund is the man who was arrested a few years ago charged with a heinous crime and he spent some time in jail, but was never convicted. While in jail he took on the garb of a religious fanatic and read his Bible continually and prayed without ceasing. It was thought at that time that he was demented and was not responsible for what he was doing.

Since that time Westlund had been more or less irresponsible and never did much. He was up to Walker for a while this spring and was taken sick and was in a hospital. He was suffering from kidney trouble and being a heavy drinker soon became a physical wreck.

It is understood that he lay in the saloon all day yesterday a sick man, and until this morning when he died. There were in the saloon at the time E. L. Engstrom, the proprietor, and his bartender and they called a doctor, but it was too late, the man had died before medical aid could reach him.

Dr. D. M. McDonald was called this morning and after viewing the body ordered it removed to the morgue of D. M. Clark & Co., where it is being prepared for burial. No inquest was deemed necessary as it was evident the man died from alcoholism aided by his weak physical condition on account of his kidney trouble.

There was a time when Westlund was a respected and well thought of citizen of Brainerd. He was a carpenter by trade and worked in this city for years.

been operated on within a short time.

This afternoon the case of the state against Robert Bourquin was tried before Judge Warner in the municipal court. Borquin was charged with assault and was found guilty and fined \$9.40 which was paid.

America lodge, No. 46, D. of H., will celebrate its anniversary this evening in Elk's hall. A short musical and literary program will be given. Members of the D. of H. and A. O. U. W. and their families are invited.

Assistant County Attorney Crowell came down from Pequot this noon. He went there to appear on behalf of the state in the case against John and Frank Newman, charged with stealing a boat belonging to John Hempill. They were brought down here this morning.

The Misses Onolee and Clotilde McCullough returned today after an absence of several months south and west. Miss Clotilde will only remain until Saturday, but Miss Onolee will remain for some time. Mr. Shall and daughter, Miss Edith Shall, came up from Minneapolis and will be guests at the McCullough home for a short time. Miss Edith Hungate, of LaHart, Ill., will also be a guest for a week or two.

The Frogtown Juniors defeated the Invincibles last evening by a score of 7 to 2. The feature of the game was the pitching of Bob Cromwell, who struck out 12 men, and the work of "Snowball" Anderson at first for the Juniors. Harry Cromwell, who was playing third for the Juniors, was knocked out in the sixth. Robert Sundberg did some clever work at short for the Invincibles. The same teams will play Wednesday evening at 6 o'clock on the Murphy grounds in S. E. Brainerd.

Clear thinking, decisive action, vim and vigor of body and mind, the sparkle of life, comes to all who use Hollister's Rocky Mountain Tea. 35 cents, tea or tablets. H. P. Dunn & Co.

POPE CAUSES A SENSATION.

Issues an Encyclical Urging Catholics to Enter Public Life.

Rome, June 20.—The pope has caused a sensation by issuing an encyclical encouraging Catholics to take part in public affairs.

"Though seeking the advice of the ecclesiastical authorities," the encyclical says, "Catholics should retain complete liberty of action regarding their temporal interests. Members of the clergy are recommended to refrain from party strife."

The pope's object is to induce Catholics to enter public life, so that they may be a force against the threat of socialism.

No Arrests at Delmar Track.

St. Louis, June 20.—Despite Governor Folk's order to the sheriff of St. Louis county, directing him to arrest all principals and accessories found violating the anti-betting law, which went into effect last Saturday, no arrests were made Monday at Delmar race track, although six so-called bookmakers did a fair business.

TO MAKE FURTHER IMPROVEMENTS

City Council Will Enlarge Sewer in Block 43 and Will Macadamize Alley

MEETING OF THE CITY COUNCIL

Recommendations Made in Reference to Fire Team and Matter Was Referred Back.

There was a meeting of the city council last evening and while not a particularly busy session there was enough of importance that came up for disposition to make the meeting an interesting one. President C. D. Johnson was in the chair and all the aldermen were present.

One of the most important matters to come before the body was the question of enlarging the lateral sewer in the alleys in block 43. This is to the rear of the First National bank block, the Walverman block, etc., etc. It seems that during some of the heavy rains under the present condition of the buildings in the block the sewer has been found entirely inadequate to carry off the surplus water. During the recent rain it was demonstrated to a certainty that something would have to be done as there was hardly a basement along this alley which was not filled with water and it is a serious matter. In this connection also another improvement was proposed which would greatly help matters in connection with this important center. It was that of grading, filling and macadamizing the alleys in this block after the improvement had been made in the way of enlarging the sewer.

A resolution was finally adopted providing that the city cause to have laid a sewer in these alleys of the proper size to take care of the water from the rains, etc. Another resolution was also adopted providing that the alleys be macadamized by the street commissioner under the supervision of the city engineer, the cost of the same to be assessed against the abutting property.

A motion was also made that the city clerk be instructed to advertise for bids for the work of laying the lateral sewer the same to be in by July 17.

A resolution was adopted providing that a cement walk of the proper width be constructed along the east side of the south eighty feet of lot 7 and in front of lots 7 to 18 in block 46. Unless same is constructed by the owners within two weeks the city will do the work and charge the same against the abutting property. This is the walk from James Cullen's residence on Sixth to the corner of Main and Sixth and thence west on the north side of Main to Fifth street.

No action was taken on Contractor C. B. Rowley's communication that the bill against him for electric light wiring, amounting to \$90, be reconsidered.

The financial report of City Clerk F. E. Low showed receipts amounting to \$7,592.80 and disbursements amounting to \$6,119.52 during the month of May. The report was on motion accepted and filed.

A report was made on electric light delinquents last night and the city clerk was instructed to have the lights of all

those who do not pay by June 25 shut off.

The purchasing committee has been getting figures on old scrap iron and reported last night that the old wheel at the electric light plant and other old scrap was worth approximately \$350. The superintendent of electric lights was directed to correspond with parties who wished to purchase this material and find out if they are willing to pay the \$350 or not.

The fire committee last night reported on the matter of purchasing another horse to be substituted for one of those now in use on the fire team. It was thought advisable by this committee to keep the third horse in emergency cases. The matter was referred to the purchasing committee in conjunction with the fire committee to report at the next meeting.

The bill for hydrant rental, amounting to the small sum of \$3,050, was allowed.

The petition for a lateral sewer in Block 33 was referred back to the signers to get all the property holders' signatures affixed.

Street Commissioner Weitzel stated that he had made an investigation of the Thirteenth street culvert matter and had some recommendations to make. The matter was left in the hands of the street committee with power to act.

Arthur Tougas had a written proposition in offering to repair and put in a passable condition the Seventh street bridge for \$300. The proposition was accepted.

City Treasurer Wright was at the meeting and called attention to an important matter which had hitherto not been considered by the council. No provision had been made for the first year's interest on the sewer bonds in the Second ward. This includes all the sewers that have been put in during the past year. This interest, amounting to \$1,054.92 will fall due between July 1st and January 1st. The opinion of City Attorney Mantor was that this amount could be appropriated from the general fund and taken as a loan until some other provision could be made. A motion prevailed that this amount be appropriated from the general fund.

Hollister's Rocky Mountain Tea is simply liquid electricity. It goes to every part of your body, bringing new blood, strength and new vigor. It makes you well and keeps you well. 35 cents. H. P. Dunn & Co.

No Secret About It.

It is no secret, that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at H. P. Dunn & Co.'s drug store.

Have you a picture to frame? See D. M. Clark & Co. 241tf

DR. BRUNS will examine your eyes free at the National Hotel tomorrow and Thursday. He makes glasses which relieve headache and eye strain, stops eyes from watering, where the tear duct is not closed, and fits glasses that give comfort while reading.

WILL PROBABLY SELL FRANCHISE

St. Cloud-Brainerd Base Ball Magnates Have Offer from Superior

BAD CROWDS AWAY FROM HOME

Average Attendance at Duluth for Week But Little Over 100 a Day.

If present plans carry the St. Cloud-Brainerd base ball franchise in the Northern league will be sold and transferred to Superior on July 1.

An offer has been made by the Superior people for the franchise and those who are backing the team in the two cities believe that it would be wise to unload at this time. Be it understood that it is not through any lack of patronage or loyal support in the two towns that this step is taken, but the reason is wholly because Duluth, a city of nearly 70,000 population, cannot turn out more than an average of 100 people to a game. If this condition exists in Duluth the gentlemen in St. Cloud and Brainerd figure that it is no use dubbing along to the end of a long season losing money at every clatter.

It was held out when St. Cloud and Brainerd went into the league that, although they could hardly be expected to do more than break even at home, the team would make money in some of the larger towns when away from home and the Duluth management intimated that the least the St. Cloud-Brainerd team would get out of it last week at Duluth, six games, would be \$500. Great Scott! The team lost money every day it played.

This then has put a damper on league ball in these two towns. Just as soon as some of these larger cities who want base ball can deliver the goods in the way of turning out a decent crowd then it is time for cities like St. Cloud and Brainerd to go in.

There are no better two towns for their size in the northwest for base ball than St. Cloud and Brainerd and if they had a fair shake away from home it would be an easy matter to make the game pay.

It has been figured out that in order to keep the team going from now until the end of the season it would require \$2000 at least. The two towns are already in the hole and they have decided therefore, before the thing gets worse, to pull out, if satisfactory terms can be reached with Superior.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at H. P. Dunn & Co.'s drug store, price 50c and \$1.00 a bottle. Trial bottle free.

MITCHELL-LONGSTAFF

Mr. Chas. F. Mitchell, Well Known in this City, Will be Married Wednesday

June 28, at Missoula, Mont.

Cards have been received in this city announcing the approaching marriage of Mr. Chas. F. Mitchell to Miss Nellie Longstaff, daughter of Mr. and Mrs. Thos. Wakefield Longstaff, which will occur at the home of the bride in Missoula, Mont. on Wednesday evening, June 28, 1905.

Mr. Mitchell is a son of Mr. and Mrs. G. F. Mitchell of this city and spent a greater portion of his boyhood days here, leaving for Missoula five or six years ago to accept a position in the N. P. shops there. More recently he has been in the Spokane shops where he holds a foremanship. He is very popular in this city and has a large circle of friends who will welcome him home for a short visit with his bride.

Northern League.

TWINS TRIMMED CROOKS EASILY

In an Exciting Game Played at Crookston Yesterday, Final Score Being 5 to 3.

Crookston, Minn., June 20.—In an exciting game of ball here yesterday in which the star performing of Zeider, Crookston's new twirler, was the big feature, the Orphans trimmed the Crooks to the tune of 5 to 3. Zeider's work is phenomenal, all of the runs scored by Crookston were made by him, out of four times to bat he killed four of Gilchrist's twisters, two for home runs and two for two baggers. The score:

ADOPTED AS THE STANDARD

Ames Adjustable Water Glass Guard Proves a Winner with the Northern Pacific

OWNED BY AMES AND KYLE

Test Made by Northern Pacific of Guard was in Every way Satisfactory

Two Brainerd gentlemen have just been very successful in placing a patent which they own on a sound footing. They are Messrs. George Ames and C. C. Kyle and the product of their ingenuity is the Ames Adjustable Water Glass Guard. They have just received information from the Northern Pacific that this particular guard has been adopted on the entire system as a standard appliance on all engines and the consideration which they received is said to have been a very neat sum.

This device is one of the most perfect put on the market and gives absolute protection, to men employed on an engine, from the breaking of a water glass. It is so constructed that there is not the slightest possible danger of injury, as is often the case, from the breaking of the glass. The device contains six pieces, three sides of a thick glass, and the side next to the boiler, which is a plate of iron constructed something after the style of the old fashioned window shutter, with the shutter like protrusions slanting downward, so that glass breaking within the enclosure will hit these shutters and drop downward to the deck of the engine. The opening at the back affords the only exit for broken glass. Another feature of this guard is that it can be adjusted to any size of glass, a feature not brought out by any other guard.

There are many advantages in the use of the guard one of which, an important one in fact, is the lessening of the number of glasses use. The reduction in the use of the glasses with this guard will be at least 50 per cent. One reason is that the glasses are kept in a more even temperature and another reason is the fact that without the guard all engines make a practice of changing water glasses almost every other trip as a matter of safety. With this guard the glasses will wear out before they are changed.

The test made by the Northern Pacific extended over a period of several months and proved most satisfactory. The Brotherhood of Locomotive Engineers will be glad to have guards in use also, as it means that their cases of personal injury will be greatly reduced, for as it is now from 20 to 25 eyes are injured or lost on an average in a year.

The fact that the company has adopted this guard will mean much in reducing the number of personal injury claims, as it is an absolute protection.

Messrs. Ames & Kyle are to be congratulated on the success of the venture.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was resorted to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by H. P. Dunn & Co., druggists; price 50c.

Waupakuta Gun Club.

The Waupakuta shooters held their regular weekly shoot on Saturday afternoon, and following is the score at 25 birds:

HAY ARRIVES IN WASHINGTON.

Calls on President Roosevelt at the White House.

Washington, June 20.—Secretary Hay arrived from New York at 6:30 o'clock p. m. Two hours later he called at the White House and was at once received by the president, with whom he spent the greater part of the evening. The secretary, who has been in Europe taking a complete rest, is expected to remain in Washington but a few days and will spend the summer at his home on Lake Sunapee, N. H.

Secretary Hay will attend the cabinet meeting during the day. He looked considerably improved in condition and remarked as he left the White House that he was feeling well.

Ever think of having appendicitis? One or two doses each week of Dr. Adler's Treatment, the great appendicitis preventative, will put your mind at rest. Better invest. Johnson's Pharmacy.

322 Nicollet Ave.,
Minneapolis, Minn.

Cut out this ad, place name and address on margin and send to me. I will promptly forward a book about California, a Tourist car folder and full information concerning Rock Island service.

NOW ADVOCATE WAR

CONSERVATIVE NEWSPAPERS OF SWEDEN OPENLY FAVOR CONFLICT WITH NORWAY.

WANT TO MOBILIZE TROOPS

THEY ALSO DEMAND CESSION OF NORTHERN NORWAY AS COMPENSATION TO SWEDEN.

London, June 20.—The correspondent of the Standard at Stockholm says that the Swedish Conservative papers now openly advocate war. They urge mobilization of the troops and demand the cession of Northern Norway as compensation to the Swedish people for the dissolution of the union.

Christiania, Norway, June 20.—The storking during the day adopted a reply to the long letter which King Oscar sent on June 13 to M. Berner, its president, in the form of an address to the king and the Swedish people. The reply, while expressing the utmost good will, adheres to the action taken by the storking in dissolving the union. The text of this reply will soon be published.

A great meeting of representatives of Swedish residents of Norway was held here during the day. It adopted an impressive address to King Oscar, requesting him to use every influence to secure a peaceful settlement, with the view of maintaining the friendly relations of all Scandinavian people. The address points out that Sweden residing in Norway enjoys the best treatment at the hands of the Norwegian people and says the vast interstate interests involved demand an amicable adjustment of the difficulties between the two countries. It is believed here that an extraordinary session of the riksdag to be held on Wednesday, June 21, will take action looking to the prevention of a further rupture.

IN BEHALF OF MRS. ROGERS.

Writ of Habeas Corpus Issued by Judge Wheeler.

Windsor, Vt., June 20.—It is reported here that a writ of habeas corpus in behalf of Mrs. Mary M. Rogers, whose execution for the murder of her husband is fixed for Friday next, was granted late Monday night at Brattleboro by Judge Wheeler of the United States district court.

According to the report the prison officials will be required to produce the woman in court in this town at 2 o'clock on Wednesday, only forty-eight hours before the time set for her execution.

It is said that the state will be required to show that Mrs. Rogers is not illegally restrained of her liberty.

FOUR DEATHS FROM HEAT.

Many Prostrations in New York Before Breeze Brings Relief.

New York, June 20.—Many prostrations and four deaths, the latter all of young children, accompanied the renewal of Sunday's torrid temperature, aggravated by a high degree of humidity in the early hours of Monday.

At 12:30 p. m. the thermometer marked 83 degrees with every indication of a further rise, but soon afterwards relief came in the form of a cool breeze from the sea, accompanied by a rapid fall in temperature and humidity which continued steadily until night, when the air was almost too chilly for the comfort of the thousands who had fled to the seaside resorts to escape the heat of the morning.

NATIONAL BANK CLOSED.

Institution at Fredonia, N. Y., Reported to Be Insolvent.

Washington, June 20.—The Fredonia National Bank of Fredonia, N. Y., Monday was closed by order of the comptroller of the currency on information received from the examiner that it is insolvent. J. W. Schofield has been appointed receiver.

The bank's total resources are given as \$923,250; total liabilities exactly the same.

It is said an unwarranted rumor that the bank held bad paper resulted in withdrawal of \$250,000 by depositors, and the bank being unable to realize upon its securities immediately, was forced to close.

NEW INVESTIGATION.

Will Be Made Into the Affairs of the Equitable Society.

New York, June 20.—A new and important investigation of the affairs of the Equitable Life Assurance society is to be begun at once. Paul Morton, the newly elected chairman of the board of directors, wants to know exactly how things are with the society, and has commissioned Price, Waterhouse & Co. and Haskins & Sells, chartered accountants, working together to examine every detail of the work, investments and relations of the society.

Five Negroes May Be Lynched.

Atlanta, Ga., June 20.—Five arrests have been made in connection with the murder of the two little Carter children at Valdosta, Ga., last week, and others are momentarily expected. Rev. J. G. Rawlings, his three sons and Alf Moore, negroes, are in jail, and a lynching is feared, as public sentiment is running high.

TO HOLD CONFERENCE

POWERS WILL DISCUSS THE COMPLICATED CONDITION OF AFFAIRS IN MOROCCO.

Paris, June 20.—An international conference for the consideration of the affairs of Morocco is now practically assured as the result of the conversation between Premier Rouvier and Prince Radolin, the German ambassador, and attention is now directed to defining the scope of the conference. Details are being rapidly arranged and the officials expect to be able to announce the plans for the conference in the course of four or five days.

This result, after the severe strain which tested the diplomatic resources of both governments, has the effect of relieving the tension, the officials of the foreign office and the diplomats of the German embassy agreeing that an amicable adjustment is near at hand.

Although the acceptance of the conference gives a certain measure of success to German diplomacy, yet M. Rouvier emerges from the controversy with the advantage of having brought Germany to exactly define the scope of the conference and so to rid it of the objection of being a menace to French interests.

Although the basis of the conference has not yet been settled it is understood that the two governments substantially agree on some of the main features involved.

Suspensions of Germany.

Germany has suspected that France had designs on the sovereignty of Morocco, but the negotiations disclosed that France had not questioned this sovereignty. Similarly it was disclosed that France had not designed to interrupt the present territorial or political status quo of Morocco. This appears to have been one of Germany's chief apprehensions, as any change in Morocco's status quo might involve an ultimate French protectorate similar to that over Tunis.

With both governments favorable to the sovereignty of Morocco and to her territorial and political status quo, it remains for the conference to adjust the equality of commercial rights, as Germany desires this assurance from an international conference instead of through the operations of the Anglo-French agreement. Therefore, the conference is not likely to consider changes in the political status of Morocco, but rather international reforms and economical privileges.

A dispatch to the Temps from Metz says that the Sixteenth German army corps is showing less activity than the Twentieth and Sixth French army corps, as the Sixteenth German corps has been continually on a war footing and is prepared for immediate mobilization. The dispatch says that the inspection of troops has been active on both sides. However, this activity has been less marked recently, as all eyes have been turned toward Paris in the expectation of a favorable result of the diplomatic negotiations.

STEERING GEAR DAMAGED.

Monitor Terror Withdraws From the War Game.

Fort Monroe, Va., June 17.—The double turret monitor Terror withdrew from the war game in the afternoon on account of damage to her steering gear. She proceeded to the Norfolk navyyard for repairs.

Admiral Dickins with his squadron again bombarded Fort Monroe at night. The engagement was an exact reproduction of the performance of Thursday night. The bombardment began at 10:30 o'clock.

TO RESUME WORK IN KANSAS.

Standard Oil Company Will Purchase Heavy Grade Oil.

Independence, Kan., June 20.—General Manager O'Neill of the Prairie Oil and Gas company Monday made the announcement that the Standard Oil company will resume work in the Kansas oil field and will relay the pipe line to the heavy oil district and pay 25 cents a barrel for all oil grading between 22 and 29 degrees in quality.

This is the most important announcement made in the oil field since the Standard practically stopped buying in Kansas, following the stringent laws passed by the last legislature.

This order affects the heavy grade oil output at Wayside, Deum Creek, Coffeyville, Cherryvale and Chanute, which was cut off by the curtailment order issued last spring. It will have a stimulating effect to the oil industry generally and restores the conditions in the Kansas fields that existed prior to the meeting of the legislature. The Standard Oil company never stopped taking high grade oil in Kansas, notwithstanding reports to the contrary. Nearly all the produce of the above named districts was heavy grade.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free.

Sold by all Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Oldest and largest installment house in city. Goods sold on easy terms. D. M. Clark & Co. 2411

OVERHAULED FOR SPEEDING.

President Roosevelt's Chauffeur Is Stopped by Policemen.

Washington, June 20.—It developed Monday that President Roosevelt's chauffeur was overhauled for speeding Sunday afternoon while carrying the president, his son Theodore and two of the latter's friends along the conduit road to Great Falls. Two policemen, considering that the chauffeur was going at a speed greater than that allowed by law, gave chase and overhauled the automobile. When they learned who the occupants were they hastily withdrew after the president cautioned the chauffeur to slow up a little.

Eight Deaths From Heat.

Pittsburg, June 20.—In the district including Pittsburg, Allegheny and McKeesport there were eight deaths and six prostrations from heat reported up to 11 o'clock p. m.
